

Sailing – a special feeling on Lake Thun

Feel the wind of freedom – sail away from everyday life!

The region of Lake Thun is known for constant wind and good sailing conditions all year round. During the summer months, the sun shines upon the Alps and at latest from lunch time there are constantly thermic winds with a middle wind speed: the ideal conditions for the first sailing experiences on the water. From Thun you simply ride by public bus to the “Gold Coast” to Hilterfingen. Just as the skippers do, you will enjoy lunch with view over the Lake - a touch of luxury. After that you will be brought by motor boat to the sailing yacht. Accompanied by experienced skippers you will enjoy a 2 hours sailing tour in front of the unique setting of Eiger, Mönch and Jungfrau. Who ever wishes to help on board – there is always something to do!

Time	½ day
Date	request
People	from 10 persons
Price	CHF 131.00 pro person
